## From the North (M58, A59, A565 > A5758) [Use L20 9JD]

Your SatNav might direct you along the A59 but this is a horrendously congested and densely populated route. Our recommendation is to use the A5036 then A5038, which are dual carriageways almost to the door.

The junction shown top right is notoriously complex and confusing. Visitors are **strongly advised** to use 'Streetview' in Google Maps to rehearse their path through it, prior to travelling!

Beware that there are many speed cameras (and, sometimes, mobile speed camera vans) along the route. Speed limit(\*) along the A5036 is 40mph BUT along the A5038 is 30mph (despite being a dual carriageway).

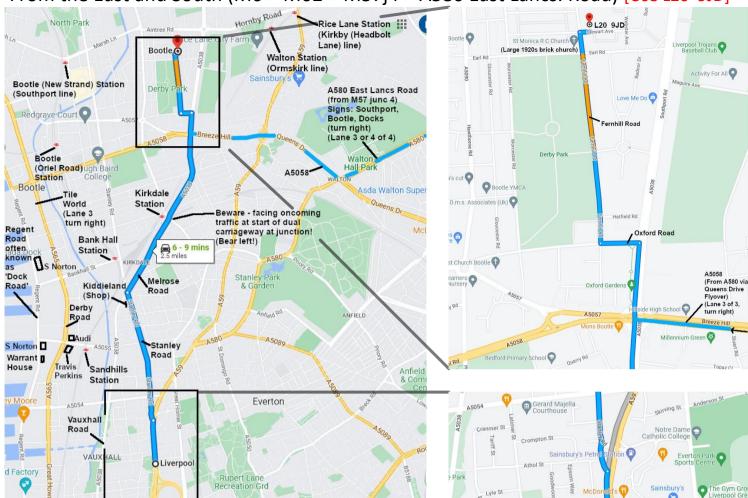

(\*) as at March 2022

Club opening hours are normally 8-10pm (approx) on Wednesdays and Fridays.

On arrival, use left-hand entrance as shown above. Go up the stairs and ring the door-bell if door not unlocked.

## From the City & Wirral (M53, A59)

## From the East and South (M6 > M62 > M57j4 > A580 East Lancs. Road) [Use L20 9JD]

From south & east via motorways: take M57 j4 for A580 signed for Bootle / Liverpool / City Centre until (approx 3 miles) A5058 signed Southport / Bootle / Docks (shown near top RHS on map, above.) Turn right on to Queen's Dr. Go over the flyover, then turn right at lights with Hillside High School on your right (signed Southport / Hawthorne Road Ind. Area), then top RH map. From city centre / tunnels:

ogle

If you find yourself on Vauxhall Road (A5038), keep going. It becomes Commercial Road and swings round to cross Stanley Road, becoming Melrose Road (picking up the blue route).

If you find yourself on Regent Road (passing the docks) or Gt. Howard St./ Derby Road, the easiest is to turn right and go under Sandhills Station, then turn left on to Commercial Road at the top of the hill and as above. The blue route shown is from the Tunnels and is the most likely. Beware that the speed limit on leaving the tunnel slip road is 30mph, with many light-jumping and speed cameras along that stretch!

Public Transport: Use L20 9JD as destination on https://www.traveline.info/

All three of Merseyrail's Northern lines have stations nearby. Walton (Ormskirk line) is marginally nearer than Bootle New Strand (Southport line) and avoids walking up the hill on Marsh Lane. Allow about 15min from Walton or 18m from Bootle New Strand or Rice Lane (Kirkby (Headbolt Lane) line).

Lane 1 (Bear left) B&M - Garden C KBOI - Butchers and Groceries Liverpool 30mph! League Of Welldoers Vauxhall Health Centre 0 Bootle ox Street Studios (A567) (Lane 1 Signs: Motorways (A59), Bootle (A567 9 Kingsway Tunnel City Centre & Queensway entre Tunnel (from A41, Birkenhead)

Pdf rail timetables can be downloaded from: <a href="https://www.merseytravel.gov.uk/timetables/rail/northern-line/">https://www.merseytravel.gov.uk/timetables/rail/northern-line/</a>

Live train information showing any current delays etc. is available from: https://www.realtimetrains.co.uk/

Bus stops are shown overleaf. Services 68/68A/68E and 300 run past Walton & Rice Lane stations on Hornby Road and call at bus stops 'X'. Outward, 68s start from Bootle New Strand bus station stand 6 (at the *rear* of New Strand shopping centre, opposite the railway) and call at bus stops 'X'. Service 300 runs past the *front* of New Strand shopping centre on Stanley Road at stop B, alighting at bus stops 'X' (Aintree Rd/ adj. Fernhill Rd.) Services 135 (stand 5) / 235 (stand 1) start from New Strand bus station and call at bus stops 'Y'. (Fernhill Rd/ adj. Leicester Rd). Service 56 runs from Liverpool (Sir Thomas St) to bus stops 'Z', (Southport Rd / adj. Earl Rd)

Pdf bus timetables can be downloaded from: https://www.merseytravel.gov.uk/timetables/#bus

Approximate timings at each bus stop (and live bus tracking maps!) are available from: <a href="https://bustimes.org/map#15.33/53.45459/-2.978511">https://bustimes.org/map#15.33/53.45459/-2.978511</a> (Click on relevant departure stop to see list of services then click blue header to see list of approx. timings at that stop).
